RESPONSE TO OFFICE ACTION

Dear Sir:

In response to the Office Action mailed on October 12, 2005, please reconsider the present application in view of the following remarks and the amendment filed on June 13, 2005.

In the present Office Action, the Examiner contends that newly added "[c]laims 43-84 contain separated utilities, such as 'pushing a message to a wireless client device' or 'receiving a pushed message' different from the previous examined claims" (Office Action, p. 2)(emphasis added). The Examiner therefore has withdrawn claims 43-84 from consideration, citing MPEP 806.05(d) as the basis.

Applicants respectfully traverse the present Office Action. The Examiner's action in withdrawing claims 43-84 is clearly improper, for several reasons.
